

## General Information from Southmoreland Food Service for families & students:

Menus will be posted on the district website and are also available weekly on the Scottie Channel. Due to supply chain issues menus are subject to change.

**To keep students & staff safe, we have made some changes and will continue to evaluate service as needed. Your patience is appreciated as we all adjust together.**

### **Meal service will be contactless, this means**

- Cashiers will not accept any payments.
- Accounts must be pre-paid in advance via [myschoolbucks.com](https://myschoolbucks.com) (there is a small fee) OR mailing in a check OR sending in a payment with your child in an envelope with their full name & 6 digit ID number. There will be a locked box for payments in each cafeteria.
  - Teachers at SPC & SES will take lunch counts.
- Hand sanitizing, masks and social distancing will be required in the serving lines and in the cafeteria. Masks can be removed once seated & ready to eat.
- Meals will be pre-packaged or bagged. Remind your child to take the one they touch.
  - Menus will gradually offer a choice of entrees.
- Breakfast will be eaten in the classrooms at SPC & SES. SES students will pick their meal up in the cafeteria and bring to their classroom. SPC students will have their breakfast delivered to their classroom.
  - Parents of our young students are encouraged to have their child practice opening various food items and packages to become as independent as possible.
- Packers should include any items needed to go with their meal (i.e. napkin, condiments)
  - SPC students will be seated for lunch & have it served to them.
  - SES students will come through the line at lunch in alphabetical order.  
(Pin-pads will not be used).

We plan to offer meals to all of our district enrolled virtual learners beginning Sept. 14. (More information will be available soon, please be sure your contact info is up to date).
