IN COLLABORATION WITH
UNIVERSITY OF PITTSBURGH AT GREENSBURG SPSEA**

Would like to inform you of a parent workshop opportunity

"EDUCATIONAL APPS"

Presenter: Dr. Kenneth Williams
Director of Student Services and Technology Integration
Mount Pleasant Area School District

In this session, participants will be exposed to various educational apps that are beneficial to learners of all ages and skill levels. Specific apps will be shared according to content areas and more general skill building. Additionally, several applications which are used as information sharing, collaboration tools, and/or communication tools with families/parents will also be shared. Finally, participants will learn how to find, evaluate, and select targeted apps for student needs using an online resource.
