**NOTES TO PARENTS**

The policies and procedures outlined in this booklet will familiarize you and your child with the rules and expectations of the school. It is hoped that you will review them carefully and use this as a reference when questions arise. If you have occasion to require additional information please call **(724) 887-2010** and ask to talk to an administrator or school counselor.

Parental involvement in the education of our children is both recommended and welcomed. Your cooperation is most important if we are to pursue the standards of excellence, which we have set before us. Your encouragement of good study habits, excellent attendance, and exemplary behavior is needed if we are to provide our children with the skills necessary to meet the challenges of today and tomorrow. We at SHS appreciate your interest and support.

The following guidelines will apply:

1. Lockers are issued to students at the beginning of the year.

3. The locker is school property, not a student's personal property. Students shall not expect privacy concerning items placed in the school locker because school property is subject to search at any time without prior notice by school officials.
4. Dogs trained to identify illegal substances may also be utilized in unannounced locker searches.

## **LOST AND FOUND**

The school is not responsibly for any loss incurred by students. However, all losses should be reported promptly to the office and an effort will be made to find the article. **To reduce the number of losses, students should keep lockers locked and should not bring valuable items to school.** Lost items will be turned into the office, and after a thirty-day period, articles not claimed will be discarded.

## **CAFETERIA**

Students are to report to the cafeteria during their lunch period **ONLY**. They are to remain until the lunch period ends. Students are responsible for returning their trays and disposing of all related trash. We realize from time to time, with busy schedules and lives that occasionally anyone can forget to send money for lunch. Southmoreland School District will not deny any child a lunch who does not have funds to pay for a meal.

In conjunction with the passing of Act 55 by the Pennsylvania legislature in 2017, school districts are now required to notify parents when negative school lunch balances reach 5 or more meals. The Southmoreland School District Food Service Department will send negative student account balances to parents/guardians via phone, text, letters, and/or email messages. Messages to negative balance households will be sent a minimum of one time per week. We encourage all parents to also create an account for their child's cafeteria account where they can electronically pay for meals, sign up for low balance emails and monitor daily purchases.

SOUTHMORELAND FOOD SERVICE NOW USES THE SCHOOLCAFE POINT OF SALE  
COMPUTERIZED LUNCH SYSTEM AND ONLINE PAYMENT SYSTEM.

4. Parent contacted and devices(s) needs picked up in the office. A plan will be put in place with parents for future infractions.

**NOTE: failure to turn phone over to the teacher or office will result in additional disciplinary actions.**

#### IV. ATTENDANCE (BOARD POLICY 204)

The Southmoreland School District requires that students who are enrolled in the school system attend school regularly and on time. The educational experiences provided by the district are based upon consistent student attendance and requires continuity of instruction and classroom participation. Parents are expected to assist with regular attendance.

Illegal and unexcused absences shall be handled within the framework of state attendance laws. Excused absences will be granted for personal illness, death in the immediate family, and absences pre-approved by the principal. All time absent from school will be counted towards a student's overall attendance. All other reasons for absence will be classified as unexcused / illegal.

A written excuse from the parent/guardian is required for a student's absence. The excuse shall include dates of the absence, reason for the absence and signature of the parent/guardian. If a written excuse is not received within **three (3) days** of return to school, the absence will be considered unexcused/unlawful.

Any student who is absent more than **ten (10) days** during the school year will be required to have a medical excuse for each additional day of absence. Failure to present a medical excuse will result in the days being considered unexcused/unlawful. Parents/Guardians will be notified when a student has exceeded **ten (10) days** of absence.

Upon review by the building principal, any student who has a serious or chronic medical condition will be exempt from the **ten (10) day** limit if a physician's statement of such serious or chronic condition is received and verified by the school nurse.

The following guidelines should be observed for Southmoreland Middle School:

1. A student who arrives late for school, leaves school early, or is sent home is credited with school time according to the following:
  - A. A half day is defined as missing **more** than 1 hour and 45 minutes at any point within the day.
  - B. A late arrival (tardy) or early dismissal are defined as missing **less** than 1 hour and 45 minutes during the school day.
  - C. A student who is absent from school (or 1/2 day or more) may not participate in any after school activities that day.
2. It is the student's responsibility to get any make-up work from his/her classroom teacher upon return to school from an absence.
3. Students who are absent from school will have the number of school days they were absent, with a maximum of **three (3) days**, to complete make-up work, except by special arrangement with the teacher.
4. If a student is sent home, via the school nurse due to illness and is absent the following day(s), the parent must provide a written excuse, either medical or parental, or the child will be charged with an unexcused/unlawful absence.
5. Any student absent for more than **ten (10) days** during the school year will be required to have a medical excuse.
6. A Student Attendance Improvement Conference (SAIC) will be scheduled if a student has four (4) or more unexcused absences. At this time a School Attendance Improvement Plan (SAIP) will be completed.

7. In addition to a SAIP, a student may be referred to Truancy Diversion Programming, or, be referred to the District Magistrate in violation of Compulsory Attendance Requirements, or be referred to Children and Youth Services.

## **TARDINESS**

1. If a student is tardy to school in the morning, a pass or signed agenda to enter class must be obtained in the office prior to going to the student's locker.
2. All students who are tardy to school must bring a written excuse explaining why he/she is tardy. Any tardy without a written excuse will be considered unexcused.
3. A note from a medical doctor is an excused tardy. The principal will determine the merit of all other excuses.
4. Excuses will only be accepted on the day of or one day after the student's tardiness.
5. Students should arrive at school and class on time. Tardiness will be recorded and detentions will be assigned for tardiness. Consequences may be assigned for chronic tardiness.

## **EARLY DISMISSAL**

Occasionally, students may find it necessary to be excused from school because of a medical appointment. Parent(s) should exercise great care in not allowing this to happen unless absolutely necessary. All time absent from school will be counted towards a student's overall attendance.

Early dismissals for doctor or dentist appointments will be granted when the student presents to the office, either a doctor's or dentist's appointment card or an excuse signed by the parent/guardian listing the legitimate reason for the early dismissal and the telephone number where the parent/guardian may be contacted for verification of the early dismissal.

1. The student must present a written request to the office before 9:00 a.m.
2. If any person other than the parent/guardian of the student will be picking him/her up, the office must be notified or the student will not be permitted to leave until a parent/guardian can be reached for permission.
3. If an appointment is scheduled while the child is in school and must be dismissed, the office should be notified prior to parent/guardian arrival. When a parent/guardian comes to pick up a student, they must bring a written excuse stating the reason for the early dismissal.
4. All parents/guardians should report directly to the office to sign the student out of school. Students will be called to the office upon parent/guardian arrival.
5. Upon returning to school after an appointment, students submit a medical excuse from the doctor or dentist confirming a medical appointment. If a student returns to school during the same school day, he/she must report to the office for a pass to re-enter class.

## **FAMILY TRIPS OR VACATIONS**

Vacations during the school year should be avoided as much as possible. However, if circumstances are such that make it necessary to remove a student for a vacation or family trip, prior approval from the principal is required. All requests must be in writing and submitted at least 2 weeks before the trip. The trip form can be found on the SMS website. The amount of time missed may not exceed five (5) school days. Vacations at the end of the school year are discouraged. Final exams will not be given early. All make-up work is the responsibility of the student. Failure to abide by this policy will result in the student's absence being considered unexcused/illegal. All time missed will count against the **ten (10)** day limit for a student's absences and the student's overall attendance.

## **POST SECONDARY SCHOOL VISITS**

Upon receipt of a written request from the parents, students may be excused for college visits during the school year. The excuse is subject to the following conditions:

1. The request must indicate the day of the visit; destination and the reason the visit could not be taken when school is not in session. This request must be at least one day in advance.
2. Upon return to school the student must bring a note from the college stating the student was there for a college visit. This paper will serve as the legal excuse for the absence.
3. Only Juniors and Seniors are eligible for excused post-secondary school visits.

## **EXCUSES FOR PHYSICAL EDUCATION**

Every student is required by law to participate in physical education classes.

A student wishing to be excused from physical education because of some physical ailment must present the physical education instructor with a doctor's excuse.

If a student has a minor ailment and wants to be excused for a period of physical education, he/she must present an excuse from the parent/guardian to the principal, which will be signed before it is given to the physical education teacher. A maximum of two parental excuses per year will be accepted. A doctor's excuse is required if further exclusion is needed.

Students experiencing a chronic injury requiring to be excused from regular physical education activities for an extended period of time (in excess of six weeks) must participate in the **Adaptive Physical Education Program**. Forms are available via the nurse's office.

## **TRUANCY**

An unexcused absence from school which is knowingly and deliberately committed is identified as truancy. Students who leave school without authorization will also be considered truant and classes missed will be treated as class cuts. Truants will receive failing grades in classes missed, and parents/guardians will be informed.

## Habitual Truancy and Notification

In the Commonwealth of Pennsylvania, a child is "truant" if the child is subject to compulsory school laws and has incurred three or more school days of unexcused absences during the current school year. A child is "habitually truant" if the child is subject to compulsory school laws and has incurred six or more school days of unexcused absences during the current school year. By law, schools in Pennsylvania are responsible for enforcing compulsory attendance laws. The table below indicates the measures to be taken as required by law to enforce compulsory attendance laws.

<p>SAIC = School Attendance Improvement Conference   SAIP = School Attendance Improvement Plan</p>	

## CLOSED CAMPUS POLICY

SHS has a closed campus policy. **Students are expected to be in their assigned areas at all times and may not leave the building between periods or at any time in the school day without administration approval.** After the regular school day, students are expected to leave the building promptly unless participating in an approved after school activity. Loitering is not permitted. Security guards are posted at the entrance and exit of the school campus. A valid permit must be issued to the security guard in order to leave the campus.

## WITHDRAWAL FROM SCHOOL

1. Withdrawal from school prior to graduation is strongly discouraged.
2. A student may not withdraw from school prior to the age of 18. At the age of 18, a student who wishes to withdraw from school must do so by reporting to the counseling office, completing the proper withdrawal forms, returning all school property, and satisfying all financial obligations.
3. Students 18 years of age or older who have been absent 10 consecutive days, with no evidence of illness or legal reason, will be removed from the attendance roll and legally withdrawn from school.

## **V. SCHOOL COUNSELING SERVICES**

The school Counseling office has an outstanding collection of materials to help students investigate post high school opportunities. You may investigate the services through you counselor and/or independently with the help of the counseling secretary. College catalogues, resource books, pamphlets from technological schools, business schools and financial aid are a few of the available student services. The office is open until the close of the school day and counselors are available by appointment for you and your parents.

Students should make an appointment during their study halls. The purpose of the school counseling program is to help each individual student achieve their highest growth mentally, emotionally, and socially:

1. Helping the new student feel at home in our school with new teachers and friends in a different setting.
2. Individual conferences whenever a student, a teacher, or a counselor deems it necessary.
3. A testing program designed to help the student learn as much as possible about his/her capabilities.
4. The counselor welcomes the opportunity to talk things over with any student, parent, or teacher.

## **SCHEDULE CHANGES**

Schedule changes will be limited only to administrative errors and exigencies.

## **GRADING SYSTEM**

The evaluation of student achievement is one of the important functions of the teacher. The accepted marking system is as follows:

100 - 90 = A

89 - 80 = B

79 - 70 = C

69 - 60 = D

59 and below = E

An incomplete is given in those cases where illness, emergency, or by pre-arrangement with the teacher. Any incomplete assignment will be calculated as a zero (0) if not completed within four weeks of the end of the marking period. Make-up work is the complete responsibility of the student.

**CLASS RANK** Class rank is determined by quality point totals. Quality points are calculated by multiplying the course level grade points by the amount of the academic credit. These values are found in the Program of Studies Booklet.

### REPORT CARDS TO PARENTS

The students receive report cards for all four marking periods through the parent portal. Parents/Guardians and students will be notified on Friday afternoons, via email, if a course grade falls below 60 percent. Is it the parent/guardian's responsibility to ensure the school has a current email address on file.

### REQUIREMENTS FOR GRADUATION

A **minimum of 25 credits** are required to graduate from Southmoreland High School. These requirements are established by the Pennsylvania Department of Education and the Board of Directors of Southmoreland School District. No student will be allowed to participate in commencement exercises unless he/she has completed all requirements for graduation by the graduation date. However, any student who is within **one** credit of meeting graduation requirements may participate in commencement. No diploma will be issued until all requirements are met. Those students not participating in commencement, but who meet all graduation requirements by the end of that year, may pick up his/her diploma in the office the following workday after commencement.

**NOTE:** Commencement is a formal ceremony and participation is optional and a privilege. Any senior owing obligations such as financial, athletic equipment, uniforms, or books must have those obligations cleared to participate in the ceremony. Any senior displaying inappropriate behavior before, during, or after the ceremony will be assigned appropriate penalties as determined by school administrators, which may include exclusion from the commencement ceremony.

## **REPEATING A COURSE AT SHS/CREDIT RECOVERY**

Whenever a student **repeats** a course in regular school, both grades will be recorded on the permanent records and the quality points will be adjusted. Credit Recovery Courses must be the state mandates and be approved by your Guidance Counselor. Credit Recovery provides an opportunity for students to enroll in courses that make up credit deficiencies. Students enroll in credit recovery by following the directions on the letter provided by the counselor. Credit Recovery courses taken at only prior approved programs will be granted full credit toward graduation from the Southmoreland High School.

## **HOMEBOUND INSTRUCTION**

The school district recognizes that there are circumstances, both physical and emotional, that may prohibit regular attendance at SHS. The Homebound Instruction Program is designed to meet the educational needs of students experiencing said circumstances.

Students should be aware that a doctor must provide **written** diagnosis of the impairment and that any illness has an expected duration of 3 or more weeks. Please contact your counselor for additional details concerning our Homebound Instruction Program.

## **ATTENDANCE AND DENIAL OF ACADEMIC CREDIT**

There is a strong relationship between regular classroom attendance and academic achievement. Absences from school disrupt instructional continuity and prohibit contact with classmates and teachers.

## **MILITARY RECRUITING**

**Armed Forces Recruiter Access to Students and Student Recruiting Information Act** requires that schools make students names, addresses, and telephone numbers available to military recruiters and instructions of higher education. Parents/Guardians who do not wish this information to be released should make this request in writing and submit it to the counseling office.

## **VI. HEALTH SERVICES**

In case of an emergency, the school nurse or a member of the school staff will care for a child temporarily. School personnel will render first aid treatment only, and the parents/guardians will be contacted. If parents/guardians are not available, the child will be taken to the nearest hospital via ambulance. The school is not obligated for medical expenses incurred because of accidents that happen in school. Parents/guardians are encouraged to purchase the school insurance, offered at the beginning of the school year, if they do not already have coverage for their children.

*If health services are needed (except for emergencies) students are to:*

1. Report first to class to obtain a pass. Students are **NOT** permitted to report to the health suite between classes.
2. Report to the main office if the nurse is not available.
3. Wait for a consultation with the nurse.

### **HELP YOUR CHILD DEVELOP HEALTHY ATTENDANCE BEHAVIORS.**

When students miss too many days of school, they fall behind the struggle to keep up with their classmates. Whether the days are missed due to illness, truancy, or for any other reason, the end result for the student is the same- learning time is lost. Children and adolescents will get sick at times and many need to stay home, but we want to work with you to help minimize the number of days your child misses school.

### **MISSED DAYS ADD UP QUICKLY!**

- Just a few missed days add up to several school weeks missed in a year.
- Both excused and unexcused absences can make it more difficult for your child to keep up with other students, especially in math and reading.

Children chronically absent in kindergarten and 1<sup>st</sup> grade are much less likely to read at grade level by the end of the third grade. This can influence school performance in middle school, high school, and beyond.

### **WORK WITH YOUR CHILD AND YOUR SCHOOL**

- As the parent, be strong with your child and don't let your child stay home when it is not necessary. This will help your child succeed.
- If your child has a chronic disease, make sure that the school staff is aware of the disease so that staff can assist your child if he/she becomes ill. Information about your

child’s chronic disease should be noted on the school emergency or health information card.

- Keep an open line of communication with the school staff and teacher. The more the school knows about your child’s health, the better prepared everyone will be able to work together for your child.

**Helpful Ideas:**

- Make appointments with the doctor or dentist in the late afternoon, so your child misses as little school as possible.
- If your child must miss school, make sure you get his/her homework assignments and follow up to see if the work is completed and turned in.
- Call the school as soon as you know your child will be absent and tell the school staff why your child will be out and for how long.
- Be prepared to get a doctor’s note when requested by school personnel.  
-If you need medical advice after business hours, most doctors’ offices have answering services 24 hours a day to assist you.

**GUIDELINES FOR KEEPING STUDENTS HOME**

- If your child has an emergency, call 911.
- For additional information, contact your child’s school.
- Recommendations for keeping your child at home and/or sending your child to school (These suggestions were derived from the American Academy of Pediatrics in conjunction with the **CDC and Pa Dept. of Health**)

### **SOUTHMORELAND SCHOOL BOARD CODE OF CONDUCT**

#### **STUDENTS RIGHTS AND RESPONSIBILITIES**

The Code of Student Conduct is designed to ensure that all students have a safe school environment conducive to learning and growing as students and citizens.

Southmoreland School District’s mission is to provide **“High Quality Learning for All”**. One of the ways in which we will achieve this mission is to have a uniform code of conduct that sets high expectations for student behavior. This Code of Student Conduct outlines supports, as well

as disciplinary actions, for those exhibiting behavioral challenges. While the code is intended to keep the school safe and orderly, it is also in place to help our students receive the support they need and to learn from their mistakes.

The Code of Student Conduct requires that students respect each other, themselves, staff, and all members of our school community. Students are encouraged to assume responsibility for their behavior and to develop a firm understanding of right and wrong and to act accordingly.

It is important for student and parents/guardians to review this Code of Student Conduct so we are setting consistent expectations for good behavior and positive citizenship. We appreciate the support of our families in partnering with us to help our students become their very best.

## **BEHAVIORAL EXPECTATIONS**

At Southmoreland High School the primary purpose of the daily schedule is to conduct the business of education. The school provides many opportunities for students to achieve success and to advance their educational goals. It is imperative that the climate of the school be conducive to such ends. Therefore, the development of self-discipline and responsibility is encouraging and nurtured. A discipline code has been developed to establish guidelines for student conduct while they are in school, out of school, on a school bus, and/or attending school functions.

## **PHILOSOPHY**

The Southmoreland High School Community is committed to promote a safe, healthy, and inviting environment-one that fosters respect, caring, and responsibility. Disciplinary consequences are designed to change inappropriate behavior, encourage more effective habits of conduct, and promote the development of self-discipline.

In order to preserve a healthy, inviting school climate, which allows each student the opportunity to achieve his/her maximum potential, all individuals will be expected to adhere to this philosophy or lose the privilege to remain in the school setting.

## **DISCIPLINARY POLICIES**

The school administrator has responsibility for acting based on a knowledge of the facts of the incident and the needs of the involved parties. The following list of minimum and maximum disciplinary actions does not imply or require a progression of increasing severity. Some of the violations are criminal offenses and, if so, appropriate legal authorities would need to be informed.

Students may also be disciplined for activities off of school property and not during school-sponsored activities if school administrators have a reasonable belief that the health and/or safety of the student or others in school may be in danger, or that school operations or activities may be disrupted.

**Note: The student may not participate in any extracurricular activities or school functions if detention requirements are not met.**

## **DEFINITIONS**

During a period of suspended privileges students will not be issued hall passes from class, study halls or homeroom. They may not participate in any school sponsored field trip, activity, sport or sport practice. If deemed necessary, driving passes may also be revoked. The privileges to be denied may be expanded or narrowed at the discretion of the administration.

The student will not be issued a driving permit and will not be given permission to ride to school with another student.

**Suspension of Driving Privileges** – Driving to school is a privilege extended to students (usually seniors) who have a demonstrated need to do so. Failure to abide by rules governing the driving and parking procedures, and/or general school rules, may result in the temporary/permanent suspension of driving privileges. Students will be notified by an administrator of such a suspension. Failure to abide by the suspension will result in further disciplinary action.

Students under suspension have the right to make-up all work missed and will have the time of suspension plus one day to do so.

**Referral to the Superintendent of Schools** – In the event of serious offenses or chronic repetition of multiple less serious offenses, a student may be referred to the Superintendent of Schools. This referral could result in the recommendation of expulsion from school.

**Expulsion** – Expulsion means the exclusion from school for an extended period of time beyond the limits of out of-school suspension and may be a permanent expulsion from the school rolls. Expulsion may be recommended by high school administration; however, it can only be authorized through school board action

**Referral to Civil Authorities or Police** – In the event of serious offenses committed by students, the administration may refer the incidents to civil authorities or police for appropriate action. **Due Process** – School personnel have a responsibility to see that due process is practiced and that the rights of all members of the school community are preserved. A student has the right

to fair treatment and to be made aware of the charges against him/her. He/she must be given an opportunity to respond to the charges.

**Hearings-Formal** – When a student is being considered for expulsion, a formal hearing before the School Board, a duly authorized committee or a hearing examiner must be conducted.

**Searches (Policy 226)** – School lockers are the property of the school district not of the student and as such are subject to search at any time. Administrators are permitted to conduct a search of a student if there is reasonable cause to believe that he/she has possession of an item, which constitutes a violation of the law or a school rule. Students will be asked to relinquish cigarettes/lighters when there is suspicion of smoking on school property. *If the search is conducted by law enforcement officials, a third party must be present. ## **AP**

The Advanced Placement (AP) Program sponsored by the College Board and administered by Educational Testing Services offers secondary school students the opportunity to participate in challenging college-level course work while still in high school. AP courses and their corresponding examinations are developed by committees of college professors and secondary teachers in each subject area and must be followed by Southmoreland faculty. AP exams are administered each May. Each exam consists of a multiple choice and a free-response section. Exams are approximately three hours long and cover two semesters of college-level work. While all students are encouraged to take the exam, there is no requirement that they do so. However, many colleges offer credit to students who take and who score well on the exams; therefore, it may be financially beneficial for students to take the exams. Should you have questions concerning any AP course, please contact your School Counselor.

### **SIGNS THAT A CHILD MAY NEED SPECIAL EDUCATION SERVICES**

To make progress in school, a child may need special help that is not required by other children in the classroom. Your child may be exceptional if he or she has a physical, sensory, mental, or emotional disability and needs special education services as determined by a multi-disciplinary team (MDT). Children who are eligible for classification as disabled students have a right to a free and appropriate public education (FAPE).

Some indicators that your child may have a disability include:

- Difficulty in academic subjects
- Repeatedly receiving failing grades
- Repeating a grade
- Exhibition of a serious emotional disturbance over a long period of time which affects your child's ability to learn
- Consistent problems in getting along with others
- Difficulty communicating
- Lack of interest in age-appropriate activities
- Resistance to change
- Difficulty seeing or hearing that interferes with the ability to communicate or learn
- Health problems that interfere with educational performance your child's native language or mode of communication unless it is clearly not feasible to do so.

### **HOW TO MAKE A REFERRAL**

If you believe that your child needs special help in order to make progress in school, contact your child's principal, school counselor, or the Supervisor of Special Education at (724) 887-2047.

All requests for evaluation must be made in writing. District forms are available through the Office of the Supervisor of Special Education. Office hours are 8:00 A.M. – 4:00 P.M. Monday through Friday during the school term and 8:00 A.M. – 3:00 P.M. when school is not in session. All information will be kept confidential. Upon request, evaluations and or tests will be given in your child's native language or mode of communication unless it is clearly not feasible to do so.

### **EMERGENCY OPERATIONS**

**Type of Protective Response Immediate evacuation** - Students are evacuated to a safe area on the school grounds in the event of a fire, etc.

**Modified Operation**, - May include cancellation/postponement or rescheduling of normal activities. These actions are normally taken in case of a winter storm or building problems that make it unsafe for students (such as utility disruptions,) but may be necessary in a variety of situations.

**In-place sheltering** - Sudden occurrences, weather or hazardous materials related, may dictate that taking cover inside the building is the best immediate response.

**Evacuation** - Total evacuation of the campus may become necessary if the school is in an endangered area. In this case, students may be taken to another school outside of the endangered area. Additionally, if your residence is in a disaster area and the school is not, your children will be cared for in their regular school location until the danger has subsided, or until you or your authorized designee comes to the school to get them. Listen to your local radio/television station for announcements relating to any of the emergency actions listed above. Refrain from calling the school during the emergency. This will keep telephone lines open so that campus administrators will be able to make emergency calls and relay information to the media. The media will advise you when and where to report to regain custody of students. This will avoid traffic congestion that may impede the response of emergency vehicles and threaten the safety of students and staff.

Procedures for reporting to the designated student release area:

- Produce a photo identifying yourself as the authorized person designated at the beginning of the school year to pick up the student.
- Be prepared to sign a student release form.
- Be patient, as school staff works to ensure that each child is safe and released to the appropriate family member, or designee.

**Students will only be released to those that have been designated on the emergency card for the nurse's office. As a result, it is critical that this information is current and on file with the District.**

In the event your student has a personal means of transportation at school at the time of the emergency or evacuation, your consent is also required before the student will be permitted to leave with their own mode of transportation.

**Do not** telephone the school or attempt to make different arrangements during an event. This action will only create additional confusion and divert staff from their assigned emergency duties. All instructions will be provided to the media for dissemination. Should the media be unable to operate because of power loss, etc, a route alerting system will be activated in your area. Emergency conditions may also require that the school will have to close for a period of time. In that event, students may be required to complete assignments at home or at another location. Information will be provided via the news media or neighborhood alerting system of procedures to be followed. In order to assure the safety of our students and staff, your understanding and cooperation during these events is required. Should you have additional questions regarding our emergency operating procedures, contact the Administration Building.

## PARENTAL RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students." Parents or eligible students have the right to inspect and review the student's education records maintained by the school.

Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies. Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

*School officials with legitimate educational interest; Other schools to which a student is transferring; Specified officials for audit or evaluation purposes; Appropriate parties in connection with financial aid to a student; Organizations conducting certain studies for or on behalf of the school; Accrediting organizations; To comply with a judicial order or lawfully issued subpoena; Appropriate officials in cases of health and safety emergencies; and State and local authorities, within a juvenile justice system, pursuant to specific State law.*

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.
